- Hindi (Fluent)
- English (Intermediate)

PROFILE

Passionate Frontend Developer with hands-on experience in building responsive, user-friendly web applications using React.js, Vite, Next.js,Tailwind CSS, and Zustand for state management. Skilled in integrating REST APIs and managing application data efficiently. Currently expanding backend skills with Node.js, Express, MongoDB, and JWT authentication. Proven ability to build real-world projects like school dashboards, news websites, and college portals.

WORK EXPERIENCE

Growdotsolutions   NOV 2024 - PRESENT

Web developer

- Developed responsive and dynamic web pages using HTML, CSS, JavaScript, and React.js.
- Integrated REST APIs using Axios and managed application state using Zustand/Redux.
- Built interactive UI components with Tailwind CSS / Bootstrap / SCSS.
- Worked with Node.js, Express, and MongoDB for backend API development and CRUD operations.Collaborated using Git/GitHub for version control and Vite/CRA for project setup.

Yutika Naturals Pvt. Ltd

Problem analytic Chemist

- Conducted data-driven analysis on complex chemical datasets to identify patterns, trends, and root causes — similar to debugging and issue resolution in software.

April 2024 - Nov 2024

PROJECTS

School Management System dashboard (Working) , Seva samiti dashboard , College dashboard

- Built dynamic and client-specific dashboards for School Management, Seva Samiti, and College administration systems. Each dashboard was developed with real-time data handling, user management, and content control features tailored to client needs.
- Note: Live URLs cannot be shared due to client confidentiality.

School Website , College website , Seva samiti Website , News Website (Working)

- **Tech Stack:** HTML, SCSS, JavaScript, React.js, Next.js ,Tailwind CSS, Axios, Node.js (for API integration) , postman .
- **Urls :** 1. https://balbhartialwar.com , 2. https://skyssamiti.com 3 . https://kcricollege.com
- Actively collaborated with clients to understand their specific needs and delivered customized features and real-time changes as per their requirements.
